16th April 2020

Dear Steve

I gather from Mike Punter that you have now completed the production of 100,000 face shields for the NHS and that the work was completed in just 8 days with many Parafix employees working through the Easter weekend. This is a fantastic achievement and please pass on my congratulations and thanks to all those involved.

I am so pleased and relieved that we were able to put you in touch with the right people at the NHS and cut through the normal 'red-tape' to secure the order. I mentioned to you that the head of the local hospital trust referred to the equipment literally as a 'lifesaver' and everyone at Parafix should be very proud of their role in this important contribution to the battle against the Coronavirus.

I look forward to visiting Parafix again when the current crisis has passed to express my appreciation in person.

Yours sincerely
